**Annie Potter : Annie's Attic Little Miss Crochet Dresses (87H10)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Annie's Attic Little Miss Crochet Dresses (87H10):

2 of 2 people found the following review helpful. little miss crochet dressesBy anastasiaI was happy w/ the product purchased. I was pleased to notice that the dresses had coordinating slip dresses under them so people knew how they were supposed to be worn. The hats and gloves are nice and crocheted gloves for little girls always come in handy for confirmations, weddings (flower girls), etc. I would like to see the patterns for baby girls that they printed in the 80's also. The skirts were like little doily patterns attached to a more solid bodice. If anyone reading this review has the pattern, I would be glad to get it. Thanks for supplying this pattern. I know that there probably isn't much demand for this kind of pattern. -- anastasia1 of 1 people found the following review helpful. Perfect PurchaseBy Anna HI am so excited about receiving this older (but new condition) brochure. Now I need to get busy crocheting. Love the styles of the dresses. Thank you so much!:)0 of 0 people found the following review helpful. Beautiful patternBy Carol GagnonBeautiful baby outfits to crochet. Looking forward to making them all up.
