New finds of original design drawings and modern sources make for an outstanding surveyBy Midwest Book ReviewArt Nouveau Jewellery from Pforzheim is a top pick for any college-level art library strong in jewellery history. The Pforzheim jewellery industry saw its heyday in 1900, when nearly 500 jewellery manufacturers

and studios produced thousands of pieces a day for sale around the world. New finds of original design drawings and modern sources make for an outstanding survey blending insights into a brief, intense production period for the Pforzheim industry.
