They are just beautiful!. The paper was so easy to work with, and before I knew it, following the easy instructions, in the box, I was making Origami. The purple color was my favorite and just jumps out at you. The directions in the box were precise and easy. I will definitely buy again!3 of 3 people found the following review helpful. Great Project!By WendyInMotionSo I love this paper, but didn't realize the paper is patterned to make the four patterns listed on the box. I purchased the paper because I liked the bold looking patterns. I wanted to make bright origami flowers. I did, and it still looked great! Good to fold. Lots of fun. The instructions seemed great too.2 of 2 people found the following review helpful. Paper is great the instructions are not good though they are not ...By N. BlackPaper is great the instructions are not good though they are not very clear on certain folds and only 4 projects. Its much easier to follow a video on youtube. You get 192 sheets which is worth the \$9 or so to me but don't buy expecting to learn from their book.
