Storey Publishing : Simple Home Repairs: Storey's Country Wisdom Bulletin A-28 before purchasing it in order to gauge whether or not it would be worth my time, and all praised Simple Home Repairs: Storey's Country Wisdom Bulletin A-28:

0 of 0 people found the following review helpful. Five Stars By Sandra Save money with simple solutions to home repair. 2 of 2 people found the following review helpful. It's Good Info, But... By Kindle Customer Hey! This is a

wonderful booklet, but it is only 32 pages long, so don't be expecting more than that. It also has some great information, but it isn't a book you can read. Instead, it's a listing of step-by-step instructions for home repair. It has some illustrations, which help, but they are just sketches, not actual pictures. However, if you are a person who has trouble with home repair and doesn't want to hand out a major chunk of change to a professional just for some everyday repair and patch-work, this is a great book for you, and an even greater bargain at such a low price. Hope this helps all you potential customers and happy reading! Luv ya, Tashi :) 2 of 2 people found the following review helpful. Very good information. By Randal L. Zelhart Where was this years ago? It has a lot of good help with around the house repairs with illustrations. I just wish it had more. This publisher never lets me down.

Since 1973, Storey's Country Wisdom Bulletins have offered practical, hands-on instructions designed to help readers master dozens of country living skills quickly and easily. There are now more than 170 titles in this series, and their remarkable popularity reflects the common desire of country and city dwellers alike to cultivate personal independence in everyday life.
