Five StarsBy CustomerGOOD22 of 23 people found the following review helpful. easy to followBy Sherry B.I bought this book after considering several others on line, and now I won't need to buy another. I wanted something that was easy to understand and follow to make the dinner table a little something special for my wife after she comes home from work. Having dinner ready was just not enough for

me, and thought about the napkin presentation. This book has more than you will ever need, and each one is clearly drawn out and easy to understand. Money well worth spent.

Use *The Simple Art of Napkin Folding* to duplicate those beautiful napkin folds you've admired at elegant restaurants and memorable events. It's easy with Linda Hetzer's detailed step-by-step directions and illustrations. Using cloth or paper napkins, create standing triangular-shaped folds (the "Tavern") for dinner parties. A few accordion pleats transforms a piece of cloth into the "Poinsettia." Need festive ideas for a children's birthday party? Make "Sailboats" or "Paper Airplanes." Graduate to more intricate designs that combine napkins with silverware, flowers, and wineglasses. Special features include a stain removal guide for heirloom linens and synthetic fabrics, easy-to-follow instructions for making napkin rings, graphs for embroidering initials on napkins, and instructions for stenciling your own napkins. Filled with inspired ideas, *The Simple Art of Napkin Folding* turns any square of fabric into a work of art.
