**Tom McComas, Charles Krone : TM's Lionel Illustrated Price Rarity Guide** before purchasing it in order to gage whether or not it would be worth my time, and all praised TM's Lionel Illustrated Price Rarity Guide:

The only Lionel pocket guide to feature color photography is now expanded to include more than 200 Lionel items in full color! Lionel has been producing toy trains since 1900, and this 100th anniversary edition covers all the classics built from 1970 to the present. A complete listing of trains, accessories and sets includes rarity ratings and trend arrows indicating the likely direction of future values for all items covered.
